- **Fitting Instructions**

- **We advise that this product is fitted by an experienced motorcycle mechanic.**
- **Please check packing list before you start.**
- **Secure motorcycle on level ground using a paddock stand. Recommended!**
- **Remove seat cowl and standard silencer.**
- **Clean collector pipe of old gasket material, dirt and carbon deposits.**
- **Fit new carbon gasket on to the collector.**
- **Fit the clamp and insert the pipe on to the collector.**
- **Fit the mounting bracket under the rectifier.**

- **Fit silencer with clamp on to the link pipe and fit the strap around the silencer and to the bracket.**

- **Starting from the front, working rearwards tighten all clamps and fasteners.**
- **Start the engine and check for leaks.**
- **Refit seat cowl and seat.**
- **After your first ride out, check all fasteners for tightness, especially the baffle bolt.**
