

## HONDA CBF250 2004-09

- **PACKING LIST:**
- **1X LINKPIPE**
- **2X CLAMPS**
- **1X SILENCER AND STRAP WITH RUBBER INSERT**
- **1X TUBE OF SILICON SEALANT**

- **Fitting Instructions**

- We advise that this product is fitted by an experienced motorcycle mechanic.
- Please check packing list before you start.
- Secure motorcycle on level ground using a paddock stand. Recommended!
- Remove standard silencer by cutting the downpipe 23cm from the mounting hole.

- Clean the down pipe of dirt and rust deposits.

- **Fit the clamp and insert the link pipe on to the downpipe.**

- **Fit the silencer with clamp on to the link pipe and fit the strap around the silencer and to the bracket.**

- **Starting from the front, working rearwards tighten all clamps and fasteners.**
- **Start the engine and check for leaks.**
- **After your first ride out, check all fasteners for tightness, especially the baffle bolt.**
