- **Fitting Instructions**

- **We advise that this product is fitted by an experienced motorcycle mechanic.**
- **Please check packing list before you start.**
- **Secure motorcycle on level ground using a paddock stand. Recommended!**
- **Remove standard silencer.**
- **Clean the down pipes of old gasket material, dirt and carbon deposits.**
- **Fit the clamps and insert the link pipe on to the collector, aligning the bracket.**

- **Fit the strap around the silencer and attach the mounting bracket loosely.**

- **Insert the bracket to the frame.**

- **Starting from the front, working rearwards tighten all clamps and fasteners.**
- **Start the engine and check for leaks.**
- **After your first ride out, check all fasteners for tightness, especially the baffle bolt.**
